## About the Burien 2044 Advisory Committee

The Burien Planning Commission is not able to establish a quorum due to the resignation of the majority of its members. For that reason, the Burien 2044 Advisory Committee will continue its work as an ad-hoc committee.

In its advisory role, members of the committee will provide advice and opinions to staff and consultants regarding the Burien 2044 Comprehensive Plan periodic update. Meeting agendas, minutes and exhibits will be published [online](#), and meetings will be open to public observation either in-person or online via Zoom. Members of the public will be provided with an opportunity to speak to advisory committee members at the end of each meeting.
